

These are links to articles in the current issue. There currently is no way to access past issues and/or articles.

The screenshot shows the YES Mag website. At the top left is a browser window displaying the magazine cover. The cover features the title "YES MAG" in large yellow letters, with the subtitle "THE SCIENCE MAGAZINE FOR ADVENTUROUS MINDS". Below this, the main headline reads "SLICK SCIENCE" in large white letters, followed by "OIL IS EVERYWHERE" in yellow. The cover image depicts two workers in protective gear handling a large, glowing orange oil geyser. A small text box on the cover says "YES Mag: The Science Magazine for Adventurous Minds". To the right of the cover are three promotional banners: "Learn About Our Magazine" with a green frog, "Visit Our Online Store" with a surfer, and "Start or Renew a Subscription" with an astronaut. Below these banners is a navigation bar with links: "Subscriber Services • Privacy Policy • Contact Us". A yellow banner below that says "For Younger Readers... KNOW". The main content area is divided into two columns. The left column is titled "In Our Latest Issue:" and lists five articles: "Petroleum: Our Golden Goo", "The Energy Island", "Elephant-ville", "Hungry Like a Wolf (Spider)", and "Aptera's Wingless Flight". Below this list is a yellow button that says "View the full Table of Contents". The right column is titled "On Our Website:" and lists five features: "Brain Bumpers" (with a sub-link "How much food can a fin whale gulp?"), "Projects You Can Do at Home", "Reviews by You", "Bug Beat", and "More Fun Features". A cartoon character is visible next to the "Brain Bumpers" link.
